STAINLESS STEEL RAILING

OSQRA is a pioneer india in terms of Introducing Stainless steel base Railing System. OSQRA has Product range which support all kind of structure such as Floor Mount, Side Mount has even options for Concealed Space.

OS-SPF-1 (38mm)

Osqra point fitting glass railing system can be used in both the exterior and interior. Most commonly this system is excellent for interior application for staircase & cutouts, Where the entire perimeter is exposed to the more modern look.

Point Fitting are installed in solid surfaces such as Steel, Wood or Concrete, In the face of Staircase or Balconies. The glass is suspended vertically by point fitting, and each piece is independent of the other piece for support, unless a handrail is installed for additional strength.
